SPACEWAY OPENS DOORS WITH PRESTIGIOUS NEW HEADQUARTERS FOR DREAM DOORS

Dream Doors Ltd, the one stop shop for door replacement and bespoke kitchen and bedroom supplier, is poised for further expansion following a recent move into a prestigious new headquarters, fitted out by Romsey based Spaceway South, one of the UK's leading providers of integrated interior space solutions. Won on a competitive tender, Spaceway was awarded the contract for its innovative designs, quality products and competitive pricing.

Located in Heritage Business Park, Gosport, the new headquarters comprises of 80 square metres of accommodation, which now houses the company's offices, training room, reception area and ancillary facilities. The acquisition of the new premises follows substantial expansion by Dream Doors, which now has fifty franchises throughout the UK.

To kick off the project, Spaceway installed a mezzanine floor to maximise space and to accommodate the offices. Full height, solid and single glazed Komfort stud and track partitioning, with blind effect and logo, was then installed and finished off with cherry veneer doors. Spaceway also arranged for the walls to be dry lined and the installation of all electrics including fire alarm and emergency lighting. To complete the overall effect, suspended ceilings were fitted and an impressive feature staircase installed from the ground to the first floor. Finally, Spaceway fitted out the offices, training room and reception area with Komfort Konfigure 4 office desking and seating and Anco Storage wall units.

"We are thrilled with our new headquarters and the work undertaken by Spaceway", says Derek Lilly, Director of Dream Doors. "Not only was the contract finished on time and within budget, it was also undertaken with complete professionalism with Spaceway going that extra mile to ensure our total satisfaction".

Established just four years ago, Dream Doors has grown in size and stature to become the UK's largest franchise kitchen replacement door company. Now with outlets throughout the UK, the company now offers made to measure kitchen and bedrooms doors in hundreds and designs and colours.

Established in 1976, Spaceway is recognised as one of the UK's leading providers of integrated interior space solutions for private sector businesses and public organisations. Located in Hampshire but serving customers across the South and Midlands, the company provides an integrated approach to space solutions that includes mezzanine floors, partitioning, suspended ceilings, storage systems, special structures as well as furniture and small parts storage. **Ends**
