

FURNITURE AND SPACE - THE CHALLENGE

The choice of Office furnishing and the design and shape of the space it occupies has a significant impact upon the productivity and creativity of the workforce, and therefore the profitability of the whole Company. In addition, the brand image and culture of the organisation must be reflected in the overall aesthetic of the visual environment.

The wide variety of styles and functions available in the world of office furniture today are as diverse as the needs of the workplace itself. The challenge is how to choose.

COMPLETE SOLUTIONS

Recognising the complexities of making the right decision - and the importance of ensuring that the investment in space delivers the optimum return - Spaceway provide a wide range of office furnishings from leading designers and manufacturers in the UK and Europe to suit every budget and application. Key suppliers include:

• Haworth	• Techo	• Office Corp	• Triumph	• Allermuir
• Komfort	• Babini	• Table Portfolio	• Screentech	• Albion Seating

Spaceway provide more than just furniture - we offer

- **Complete project management** to enable you to focus on running the business whilst we look after the fit-out of your new or refurbished facility.
- **Related products and services** such as partitioning, ceilings, and floor and wall coverings, building services, mezzanine floors, which mean that we can act as the main contractor for your entire interior re-fit project if required.
- **Professional in-house design** service on the latest Computer Aided Design systems so that designs can be sent as data files direct to customers and streamline deliveries through on-line links with suppliers.
- **Installation** using our own in-house fitters, electricians and specialist sub-contractors to deliver on time and to budget.
